متن زیر را به دقت بخوانید و به سؤالات زیر پاسخ دهید.

۳/۵ One of the greatest men who ever lived is "Louis Pasteur". He was born in a poor French family in1822. But he studied hard and soon he could go to university. When he was 26 years old, he became a professor in that university where he had been a student.

He is well known for finding the microbes. Microbes are tiny living things which are everywhere. In fact, he was the first one who found them and he said that microbes are the reason of disease. He found out that the microbes in the milk can be killed by enough boiling. He looked for the cure of disease. Finally, he could make "Vaccine".

He has saved many people around the world by his vaccine. It's not important where you are from but even you have used his vaccine once or more in your life. So, he has saved you. Finally, this great man died in 1895 near Paris.

47. Why is Louis Pasteur well-known? ……

48. What did he find about milk? ……

49. ……are tiny living things which are everywhere.
a. milk **b.** vaccine **c.** disease **d.** microbes

50. He has saved many people because ……
a. he is still working and saving us **b**. he is a great man
c. his vaccine is still in use **d.** he couldn't know the microbes

51. He became a professor when he was 26. True False

۳۰	جمع بارم	*Masoud Mahmoudi*	*Good Luck*

Strive not to be a successful, but rather to be of valuable.
